1 Introduction

This document describes how to install and uninstall "PlexWare Software Development Kit" (PlexWare SDK). PlexWare SDK provides the following functions that are necessary to develop PlexKlip.

- Libraries
- Documents
- PlexKlip Wizard
- Sample Project

Libraries are header and library files. This includes class libraries that are base classes of any PlexKlip. **Documents** include "Programming manual", "Klip reference manual" and others. These are formatted by Adobe PDF style and HTML help style. **PlexKlip Wizard** provides two wizards support to make PlexKlip project for Visual Basic and Visual C++. **Sample Projects** are some PlexKlip project for Visual Basic or Visual C++.

The followings used in this document are Registered Trademark of Microsoft Corporation in the United States and all other countries; Visual Studio, Visual Basic (VB), Visual C++ (VC), COM, ActiveX, Windows 98, Windows 2000, Win32, Windows NT and Internet Explorer. PlexWare, PlexService and PlexKlip are in process of registering as Trademark of K-Plex Inc.

2 Installation

This chapter describes installation of PlexWare SDK. You can start up installer with the setup.exe in "SDK" directory in the Installation CD.

To install PlexWare SDK, you have needed to install PlexWare previously. If PlexWare is not found in the computer, the install aborts.

2.1 Select Setup language

To start install, first you select the language for this installation. Select "English (United States)" and then click the "OK" button.

Choose	Setup Language 🔀
12	Select the language for this installation from the choices below.
	English (United States)
	OK Cancel

2.2 Check PlexWare

Next, PlexWare SDK installer checks that PlexWare is installed. In case that find, "Welcome" dialog (See the next chapter) appears, and you proceed to the next chapter. If don't find, following message appears, and the install abort. After you install PlexWare, start PlexWare SDK install again.

2.3 Start up Wizard

You can continue to install PlexWare SDK by clicking the "Next" button.

2.4 License Agreement

After reading the following *SOFTWARE LICENSE AGREEMENT*, if you agree with this agreement, click "Next" button.
